Design your light

What If I Have A Mobile Phone

Remote Access To **YOUR** Home

Imagine your
connected home.

One Family. One Lock.

Safe | Secure | Smart | Stylish | Simple

Push or Pull. It doesn't matter

Some doors open inward. Others outward.
With our Push and Pull the door can be opened both ways

No More Keys

Keys are so yesterday. Modern homes need modern security to keep up with the times. Our Digital Door Locks come with PIN codes / Fingerprint / RFID Cards / Mobile App to open the lock. Not for one, but for everyone in the family

Safe, Secure & Modern

Digital Door Locks from us are made using the same technology that is used in critical & safe installations worldwide.

Power of Mobile

Our Digital Door Locks come with advanced technology features. It just needs to read the Bluetooth authentication from your phone. You can also send a limited time expiry PIN code to someone you trust. The PIN code will expire after the expiry time you set

Sleek Design

5 + 1 Access

Dual Way

Extended BLE

Push + Pull

Mech Key Override

Sun Shading Solutions

"Hey Google, raise the rolling shutters"

"Hey Google, did I close the shutters?"

"Hey Google, close everything."

Dialogue with your home.

Can waking up be even more comfortable?

Thanks to the connected automations, you can manage your home automations in total freedom and with ever greater personalization. Thanks to the new Nice interfaces, automations for blinds, awnings and rolling shutters can also be integrated into the smart home system and controlled easily via Amazon Alexa, Google Assistant or Siri.
